Wearing Prolotex™ Gloves on a regular basis will provide the best healing results.

Prolotex™ Gloves help to promote circulation and retard bacteria from growing on the flaky skin of your fingers.

Elegant darts on the back of the hand make this Ladies glove a narrower than the Regular Fit for Men. A nice smooth palm, a nicely positioned thumb, regular finger length and a tidy small elastic gathering on the inside of the wrist make this glove the best choice for most women

Designed for ladies with a normal hand and normal to short fingers.

My wife suffers from chronic pain in her hands due to RSD (Reflex Sympathetic Dystrophy). We have found the therapy gloves to be helpful in controlling the pain.

PROLOTEX™ Gloves are a wise investment when it comes to the health and longevity of your fingers & hands.

Will give you an elegant look.

“Gloves are soft and comfortable on your hands. Even if you just wear them during the night while you sleep - you will be helping your hands to heal.”

The threads in Prolotex™ Gloves are impregnated with a safe formula of bio-ceramics that emit beneficial far infrared rays (FIR). These waves of soothing FIR energy penetrate deep into the tissues of your body and basically increase the molecular activity of the cells.
